CellMark Paper signs Exclusive Cooperation Agreement with Anika International for Middle East

On April 30, 2020 CellMark Paper signed an exclusive cooperation agreement with Anika International FZE expanding our partnership to also include sales of paper products into the Middle East. Anika International is a prominent paper agent in the Indian market since some 50 years, and already a partner of CellMark since many years. Anika has had a presence in the UAE for almost two decades.

CellMark Paper is a global distributor of a wide variety of paper products with a sales and marketing team that has extensive years of experience and outstanding knowledge of the industry. Our global reach allows us to create the best in industry solutions.

CellMark Paper has decided to take a prominent foothold in the Middle East region, and we are pleased to do this in collaboration with Anika International. Together, CellMark and Anika look forward to jointly meet the region's requirements of paper products from our global supplier network.

ABOUT CELLMARK

CellMark is a privately-owned independent marketing and supply chain service company providing products, services and solutions to the world market. Founded in 1984 in Gothenburg, Sweden, CellMark has its roots in the international trade and distribution of raw materials related to the global Pulp and Paper Industry. Over the years, we have developed world-class marketing and supply chain service capabilities expanding into new product areas. Today we run seven successful international divisions in Pulp, Paper, Packaging, Recycling, Chemicals, Metals and Basic Chemicals. We have also grown operations for Plastics and Biomass for energy. With our vision, surpassing expectations, we commit to improve every day, supporting our business partners in every action that we take.
